ZEIT ONLINE ... WHAT WE STAND FOR

We offer our readers quality up-to-date journalism.

ZEIT ONLINE is one of Germany’s biggest news websites and is a byword for quality journalism of the highest standard. It provides the relevant context for the latest news – and engages in multimedia storytelling and time-consuming data-driven journalism.

The editorial team promotes debate and frequently outlines different standpoints on controversial issues that help readers to form their own opinion.

This is one of the ways in which ZEIT ONLINE initiates debate and discussion within society, renders complex issues more readily understandable, and enters into dialogue with its readers on equal terms.

In addition, the loyal readership is highly enthusiastic about special sections like ZEITmagazin and ZEIT Campus.
We want to understand each other.

Following the tradition of an annual special section, ZEIT ONLINE created the “X” section in 2018 focusing on major issues for which one article isn’t enough and there is normally too little time.

The editorial team devotes multiple core topic sections to passionate debate on the central issues of our times – be it living or mobility, nutrition or education, inequality or gender roles.
The “Germany Talks” format, winner of the Grimme Award, is now entering its third year.

“Germany Talks” is a kind of dating platform for people with opposite political views. More than 12,000 people contact us every year to be teamed up with someone who has entirely different political opinions.

The idea of enabling political discussion between different people has generated so much enthusiasm that it has been imitated not only in Europe but even further afield.
ZEIT ONLINE ... WHAT WE STAND FOR
We want to make the world a better place.

ZEIT ONLINE supports this endeavour with formats like the annual Z2X Festival of New Visionaries, which kicked off in 2016.

Every year, thousands of idealists between the ages of 20 and 29 meet up and ask themselves the following questions:

HOW DO WE WANT TO LIVE?
HOW DO WE WANT TO LOVE?
HOW DO WE WANT TO WORK?

They come together in workshops to develop ideas about how to improve our lives – or indeed the world.
